Packaging method

protective film (Solid color)

protective film (metal)

external packing

1. All the above colors can be made into high-gloss effects. The common specifications for high-gloss are: 1250\*0.35
- 2.The entire series is equipped with matching color edge banding strips.
3. We always keep the above products in stock and also support personalized customization services such as color, specification, and shape. To ensure production efficiency, custom orders need to meet the minimum order quantity requirements and allow for a reasonable production cycle.
4. If you have any needs or questions, please contact Mr. Hu (Hu Jun) at any time! Tel: 86-13798787579, or scan the QR code on the right to add WhatsApp. We are always at your service!
